Event Overview

We are thrilled to invite you to the inaugural **Hearts and Hands Poker Tournament**, a high-stakes, two-day charity event committed to making a tangible difference in our community. This exciting event will take place on April 16th and 17th, where poker players can choose to participate on either day, with the final tables being held on the late afternoon of the 17th. Our mission is to support the admirable work of two pivotal organizations in Edmonton: the **Ben Stelter Foundation** and the **Edmonton Police Foundation**. By joining us, you'll be contributing to vital causes that directly affect the lives of individuals and families around us.

The Ben Stelter Foundation is dedicated to providing support to families bravely navigating the challenges that come with a cancer diagnosis. Their tireless efforts ensure that families do not face these battles alone, offering resources, guidance, and hope. The Edmonton Police Foundation plays a crucial role in enhancing the work of the Edmonton Police Service, enabling them to undertake innovative community initiatives that foster safety and trust.

Through this tournament, we aim to bridge the gap between health and safety, as both of these elements are essential pillars for a thriving community. By partnering in this event, you'll be helping families receive much-needed care and support while empowering our police officers to focus more effectively on community-building efforts.

By becoming a sponsor or registering for the Hearts and Hands Poker Tournament, you are investing in a healthier and safer Edmonton. Your contribution will directly assist families dealing with cancer and support the police officers dedicated to protecting and serving our community. Together, we can create a ripple effect of positive change, strengthening the bonds that make Edmonton a wonderful place to live. Join us in this remarkable journey to uplift those around us and forge a brighter future for everyone.
